Dear Valued Customer:

Subject: Westak Conflict Free Material Statement

Westak supports worldwide concerns that metals mined in conflict areas of the Democratic Republic of Congo (DRC) may be making their way into the electronics supply chain. Westak expects our suppliers to continuously monitor both direct and indirect supply chains to avoid procurement of materials from conflict regions, and to be forthright in sharing compliance information. Our supply chain partners are expected to declare in writing they do not knowingly procure gold, tantalum, tungsten, cobalt, or tin, from conflict areas of the DRC.

We continue to survey our supply chain regarding source and procurement of gold, tantalum, tungsten, cobalt, or tin. Based on the information provided, Westak confirms that to the best of our knowledge, the metals utilized by our supply chain are not derived from or sourced from mines in the conflict areas of the Democratic Republic of Congo (DRC).

Best regards,

A handwritten signature in black ink, appearing to read 'Debby Hall', with a period at the end.
